

Austin Air

for life.

When you need a serious air cleaner.

It's not furniture, it doesn't come in your choice of designer colors, but when you want your air cleaned, Austin is there. Austin Air cleaners filter out 99.97% of all airborne particulate matter larger than 0.3 microns (that includes mold spores, tobacco smoke, pet dander, and dust mites). It looks serious, it's built serious, it is a serious air cleaner.

Breathe easy.

Austin Air

for life.
