

Austin Air  
*for life.*

## When you need a serious air cleaner.

It's not furniture, it doesn't come in your choice of designer colors, but when you want your air cleaned, Austin is there. Austin Air cleaners filter out 99.97% of all airborne particulate matter larger than 0.3 microns (that includes pollen, mold spores, tobacco smoke, pet dander, and dust mites). It looks serious, it's built serious, it is a serious air cleaner.

If you suffer from  
allergies or asthma  
you need Austin Air.
